

## Associate Health Care Analyst

Champlain Investment Partners is an independent, employee-owned asset management firm headquartered in Burlington, Vermont. Our investment strategies are designed to focus on providing absolute returns while also managing risk. We strive to create wealth through the consistent execution of our investment processes; we are equally committed to delivering outstanding client service, and pride ourselves on the many longstanding relationships we have been able to cultivate since opening our doors. Our partners bring a wealth of experience, averaging nearly 20 years in asset management, and as of December 31, 2018 the firm had approximately \$10.1 Billion in assets under management.

At Champlain, our mission statement is to "Deliver Exceptional Investment Results and Develop Enduring Client Relationships." In that quest, we believe our team is our greatest asset, and we are always interested in hearing from motivated individuals who have the talent, passion, and integrity to help us succeed in that mission. We ensure equal opportunity in the conduct of all our business activities without regard to an individual's age, color, disability, marital status, sexual orientation, national origin, race, religion, gender or veteran status.

Burlington, Vermont offers a superior quality of life with access to multiple outdoor recreational activities, from boating and ice hockey on Lake Champlain to hiking and skiing in the Green Mountains. Forbes Magazine has ranked Burlington's downtown as one of America's best, with unique shopping, cultural activities, and a burgeoning restaurant scene. In addition, our location in Burlington provides easy access to nearby Montreal, Canada, a major cosmopolitan and international city.

### Position Summary:

The Health Care Analyst will work in partnership with the team's current Partner/Analyst covering the Health Care sector for the US Small and Mid cap strategies. The individual will provide fundamental analysis, including financial statement and valuation analysis of Champlain's holdings and companies on Champlain's focus list and watch list. This individual will generate and research new investment opportunities, as well as monitor current holdings. This position will provide direct access to and input on the investment management process. It will be important for the individual to familiarize themselves with critical sector factors, identified by Champlain, that highlight outstanding companies to provide clients with the opportunity to accumulate long-term wealth through investing in the US Small Cap and Mid Cap strategies.

### Required Skills:

A bachelor's degree and a minimum of five years of relevant equity investment analyst experience is required. Health Care research experience preferred. Candidates must have outstanding analytical skills and be comfortable working with numbers or have a mathematics background. Excellent written and verbal communication skills are required, along with the ability to prioritize workflow and thrive in a dynamic work environment. The successful candidate will be a critical, independent thinker with an attention to detail and the ability to excel as a member of a team-based decision-making process. Demonstrated expertise with Microsoft office tools, particularly Excel, is required as is experience with FactSet or Bloomberg.

### How to Apply:

Interested candidates should send a resume and cover letter to [jobs@cipvt.com](mailto:jobs@cipvt.com). No phone calls please.
